to service*

RootsScrub E 430 up to 1,700 sq.mtrs.cleanliness/hour.

The RootsScrub E 430 machine is a handy, mains operated scrubber-drier for quick, economical and effective cleaning of all types of hard floors. The extremely compact and robustly constructed machine guarantees a high degree of maneuverability, easy handling and good visibility. The height adjustable operating handle and the adjustable brush drive are ideal for fatigue-free operation. Electric brush change, straight squeegee as well as easy access to the machine ensures low running costs, optimum cleanliness and ease of maintenance.

Variety of brushes and pads are available as option to suit your floor requirement.

All operational switches are within direct view and easy reach of the operator. Ergonomic handle for operators of any height. Excellent view of the area of be cleaned.

Easy tank cleaning, thanks to the large tank opening. Tank can be emptied quickly and easily via the large outlet hose. Overflow protection for the dirty water tank.

The straight, floating squeegee makes working close to edges possible and ensures that no water streaks remain even when negotiating corners.

Brushes can be changed quickly without the need for any tools at the push of a button.

Description	Units	Values
